

What's Happening?

- The May Pattern contest was called off due to unfavorable flying conditions and lack of participants. The 4 participants that showed up agreed to call it off. Better luck next year.
- Training nights have been going well when the weather has cooperated. It looks like we have several students almost ready to solo.
- The road has been re-done. The cost was around \$845.00. That represents 6 loads of gravel and 4 hours of bulldozer time. This was a little more than last time but it was necessary to prevent people from driving across the runways.
- The field is in great shape thanks to the efforts of many. The rolling, constant mowing, and painting has really paid off. I'm sure this is one of the nicest flying fields around.
- The sale of Jim Cusick's equipment went well. Thanks to Tom Brennan and Don Perricone for organizing it and thanks to all who participated. The family appreciates all of the money that was raised.

A flyer will be posted in the impound shed. The plan is to have it in a different location within the district (NY, NJ) each year. We should consider hosting it next year.
- 9-15, Sun.: Second ARCS Picnic. Same format as the first. A chance to get rid of leftover hamburgers and hot dogs from the previous events.

See you soon.
