Club Meeting- Friday, Nov 11, 2005 at Walt's

President's Message:

The next couple of months will be very busy. Here's what's happening:

- Membership renewals for 2006 can be made at any time. Memberships not renewed by Jan. 31st will be charged a \$5.00 late fee. Renewals not received by Feb. 28th will be dropped from the mailing list. Mike Schofield requests that you include a completed membership application form along with your payment so that we can keep the roster up to date. Make checks payable to ARCS.
- Be sure to renew your AMA membership also. It expires at the end of the year. You will need it to fly on New Years Day or any other time at our field.
- Our efforts at the EAA's Fathers Day Breakfast continue to be rewarded. Jack Burns provided and spread gravel for our road and we only had to pay for gas. The members who helped out at the breakfast are being invited to the EAA's Christmas Party. We certainly have established a better relationship with these guys.
- Speaking of Christmas celebrations, in the past we have had pizza and refreshments at our December meeting. It has been suggested that we move it up a notch and have a get together at a local restaurant. If anyone has any thoughts on this bring them to the meeting.
- The sale of Dick Schwarz's airplane inventory is proceeding well. Thanks to everyone who opened up their moth-infested wallets at the last meeting to help out. There are still items remaining for sale. A list is included on page 2. On Wednesday, November 30th, we will have another sale at Walt's, starting around 7PM. Hopefully we can take care of the remaining items then. Other local clubs are also being invited. Please pass the word around to anyone who might be interested. I will have photos at the meeting.
- In addition to Doc's stuff, Don Cole has also decided to sell off a lot of his airplane stuff. A list of the items is also posted on page 2. These will also be sold on the 30th. I will have photos at the meeting.
- The mower has been moved from the field to my house for servicing and winter storage. It appears to be in good condition. It had a bad connection on a battery terminal when I picked it up which will be corrected shortly. If there are any known issues with it please let me know so I can correct them.
- The next Model Forum will be new and improved! It will be held at the Syracuse Academy of Science Charter School which is across the street from the Harrison Bakery. It will include indoor electric and rubber flight in a gym that is about 80' x 80'. Directly below the gym is a cafeteria where we will have static displays and other interesting stuff. A group of students from the school will be in charge of food. In addition to the STARS and ARCS, the Central New York Indoor Flying Society (CNY IFS) will be handling the flight portion of the event. Our feedback so far for this event has been very positive. Thanks to John Spencer for reading the

last newsletter and stepping forward to help us secure this facility. Flyers will be available at the meeting and the Secret Santa Sale.

- Walt's Secret Santa Sale will be on Saturday, Nov. 19th. The featured guest will be Dan Landis, pattern pilot. As in past years, we will have a table set up to provide information about our club. I will be looking for volunteers to help out.

That's all for now. I hope to see you at the meeting.
