President's Message:

First day of daylight savings time. Flying season is right around the corner.

- At the meeting, we will elect the club's board of directors. The current directors are up for another term and no one else has expressed an interest in the positions.
- We will also need to discuss the Pancake Breakfast. The EAA has informed us that they will not be participating this year. We need to seriously decide if we want to tackle it again. Bob Oxford will be looking for input.
- Several club members attended the WRAM Show. This year the vendor displays were limited to the main floor only with the lower level being dedicated to the static display and some car race tracks. This event has gotten significantly smaller. I can't help but wonder if it will be around in a few years. Some photos are on pg 2.
- A few ARCS Members attended the STARS annual Snow Fly. It was a cold day but sunny and lots of people flew. We also got to see what damage a few ambitious beavers could cause. They have an ongoing program to deal with the beavers.
- Several people have expressed an interest in ordering more shirts and hats. I haven't been able to spend the time to look into it so I will be looking for a volunteer to handle it at the meeting. I'll have all the information.
- Ed Byrns wife Pat asked me to help sell off Ed's stuff. Ed passed away in August of 07. He was a great guy and he built solid models. I took some pictures of the stuff which I will have at the meeting. A list of the major items is on pg 3.
- Dues are now past due. If you haven't paid up please do so immediately and be sure to include the \$5.00 late fee. Also, be sure your AMA membership is paid up. Anyone not paid up will be removed from the mailing list.

See you at the meeting.

Herb.

A Fay Stilley entry. Jalopaplane. This guy makes Monokote look like paint!

Mike Moore preparing for a flight at the STARS Snow Fly. A beautiful day! No shortage of water on the field thanks to some very busy beavers. Luckily, it was frozen.
