President's Message:

Has the summer been hot enough for you? Sure could use some rain. Maybe we need to do a little dance.

- On Sunday, August 12th, we will have our annual Fun Fly. It will be a little different this year. The consensus is that we should just have open flying with no organized events. So, bring a plane and have some fun! This event typically attracts bad weather so maybe we'll be responsible for attracting some much needed rain this year. If we do get rained out we'll meet in the main hangar to chat and eat. The club will provide burgers, dogs and sodas.
- At the fun fly we will be drawing the winner of the Firebird Stratos that was donated by Bruce Throne. Last chance to buy your tickets!
- This summer we will once again host the Badius Boys flying club at our field, just like we did in 2009. This will take place August 19th thru the 25th. Please help to welcome them to our field. Any questions– Contact Phil Artese.
- Last weekend several club members attended the Mountain RC fun fly in Old Forge. After a full day of flying Walt, Jan and Bruce invited us over to their camp for some food and story telling. It was a great day!
- A special thanks to Brian Madden for supplying a DX7 for use as a buddy box. Please leave this box at the field and do not take it home.
- Brian Cooper has lots of stuff to get rid of, several planes, most of them in flying condition, helicopter, parts, supplies, etc. He also has plenty of nitro in gallon jugs, castor oil, synthetic oils and some methanol in a drum.

Planes:

Giant Christian Eagle with Super Tigre 3250, ready to fly
GP Extra 300, 46FX, Ready to fly
Giant Ohio SuperStar, OS 160FX, needs radio gear
OMP Giant Fusion (3D plane), Webra 90, RTF
Giant Giles 202, OS 160FX, extra set of new wings, Ready to Fly
Century Hawk IV heli, OS 32H, ready to fly
Control line plane, .40, ready to fly
small 3D electric, ready to fly
NIB FW190 electric
75% assembled Bridi Pattern Great Escape
Tuff Flite Stingray, ready to fly
Lots of parts n pieces of crashed models, wings, etc....
Lots of hardware, servos, batteries, etc
A couple older computer radio's (non spectra)
airplanes are dusty from being in garage but all engines were thoroughly oiled up before storage, and you know I took care of my airplanes/ engines and radios.
Airplanes not listed are either my fathers or I was planning to keep. but may entertain offers. I am obviously not going to give stuff away but fair and reasonable prices will certainly take it. I will have plastic model kits as well, Lots of them, mostly aircraft, all new unbuilt. If anybody has any questions, please have them call me on my private cell.
Brian Cooper
315-430-9532 cell

That's all for now. See you at the fun fly!

638-2824 or 857-6266

ARCS Annual Fun Fly

Sunday, August 12, 2011

Noon 'til 4PM

**At the ARCS Field, Marcellus Airport, 4910 Limeledge Rd.
Marcellus, NY 13108**

GPS Coordinates: N 43°00.634', W 076°21.142' (WGS 84)

Club will provide Burgers, Dogs, Sodas

General Rules:

- AMA Membership required
- Radio impound in effect for 72 MHz. Frequency pin required before turning on transmitter
- No flying over pits or full-size runway
- No taxiing into pits
- No more than 3 planes in the air at a time

The format will be different this year. There will be open flying throughout the day. No competitive events are planned.

When arriving at the airport, be sure to stay to the right and follow the gravel road to the model field. Yield to any full-size airplane traffic.
