Family Picnic!!! Starting at Noon Saturday, July 9, 2005 at Walt's

President's Message:

Summer is in full swing now with record high temperatures and lots of bugs. The bugs seem to plan their attacks for times when you have a transmitter in your hand, knowing that you can't swat them.

- YAY! Free food! That's right, the annual picnic will be Saturday the 9th starting at noon. The club will provide burgers, dogs and sodas. Bring a plane. Bring the Family. Bring a small dish to pass. Fly and eat. What could be better?
- We were asked to participate in the Balloon Fest with the STARS this year. After meeting with the staff at Jamesville Beach, It was decided to not participate. They required flying demonstrations at specific intervals and they allocated us a very small plot of land along the road with a few trees. It just didn't look safe to me. The STARS also backed out for the same reasons.
- Art Dudden mowed the tall grass along the road and around the field. Thanks Art!
- A bunch of club members helped out at the EAA Fathers Day Breakfast. We were involved in a variety of tasks including set-up and cooking. It was a nice day and attendance was around 1000 people. The EAA has expressed their sincere thanks for our help. Personally, I think it is important for us to participate in these sort of activities. It keeps us on good terms with the people we share the airport with. Thanks to Art Dudden, Kyle Murphy, Jeff Dudden, Bob Oxford, Mike Amie, Bob Horst, Tom Brennan, Ed Cooper, Al Metz, Don Perricone and Chris Muniz . By the way, I haven't had any desire to eat a pancake since.
- The annual Fun Fly will be on Saturday, August 20th. I will be looking for volunteers to help with food and judging. I will send out another newsletter in August with more information.
- The STARS annual Airshow will be on Sunday, Sept. 4th. Be sure to mark your calendars. This is always a good show.
- The 4th annual AMA District II Fly-In has been scheduled for September 17th and 18th (Sat, Sun). It will be in Lake Clear (near Saranac Lake). It is at a full size airport which will be closed for the event. There is a large paved runway so we can probably expect some jet action. For up to date information, visit the District II web site at www.amadistrictii.org .

I hope to see you at the picnic.

Herb.
