Next Meeting- Friday, October 13th 7PM at Walt's

President's Message:

I hate to admit it but it looks like summer is over. It sure was a busy summer for the club.

- The field is in good condition thanks to the efforts of several club members. Art Dudden, Dick Skutt, John Cimildora, Fred Eberhardt and several others have spent a lot of hours on the tractor to keep the field groomed. Be sure to thank them when you see them.
- Tuesday evenings have turned into club nights at the field. Many people show up to fly or just to watch. It has been a lot of fun.
- Kyle Murphy and his dad re-did our road. They donated all their time and only charged us for the gravel. It has never been this nice! Thanks!
- The scholarship in Doc's name has accumulated a little more than \$2000.00 so far with about half of that coming from the Pancake Breakfast. The scholarship committee will be meeting in the fall to begin working out details.
- As many of you know, we have been tasked with distributing Jules Fried's airplanes and equipment. This was no small task since he had over 40 airplanes. The sale has been going well and Olivia appreciates everyone's help. There is still some stuff for sale. See the list on the next page.
- In September we hosted the Royal Rangers (a scout-like group). We flew 54 rangers on buddy boxes. One of them named Max has been riding his bike up to the field on Thursdays. We donated a plane to him which was supplied by Bob Oxford. Looks like we hooked one.
- Bob Oxford has agreed to head up the pancake breakfast again next year. Hopefully it will be as successful as it was this year.
- The newsletter costs the club a fair amount of money each year. At the meeting, I would like to discuss the possibility of sending it out by e-mail.
- The EAA is planning a Christmas party on Dec 15th. We are invited to participate. This could be our party or we could do something like we did last year. We'll decide at the meeting.
- The 11th annual Model Forum will be on January 27th at the Syracuse Academy of Science. This worked out very well last year. We have started having meetings to plan this event. If you have input, let me know or better yet, become part of the committee.
- On Sunday, there was a small, unplanned picnic at the field. It was a perfect day with plenty of sunshine. Possibly the last good day we'll have for a while. There were lots of planes flying, including at least 2 of Doc Schwarz's planes and 2 of Jules Fried's.

See you at the meeting!

Herb.
