President's Message:

I guess winter has finally hit us. In only a couple of months we should be able to fly again. Here's what is going on:

- The STARS bus to the WRAM show has been cancelled this year. Not enough people signed up to make it possible.
- Every 2 years, at the March meeting, we elect the club's board of directors. It is their job to see that the club by-laws are being followed and to oversee the general operation of the club. The current members are listed to the left. If you are interested in running for one of these positions, please let me know by the end of February so that I can get your name in the next newsletter. It does not involve a great deal of work, just a couple of meetings a year.
- The model forum was again a success. The morning started off a little slow due to the freezing rain. Later on in the day the activity picked up. Thanks to everyone who helped out with set-up, running the event and take-down. We made about \$950.00. That's less than last year due to slightly lower attendance. Walt and Bruce gave an excellent introduction to electric flight, covering things like battery maintenance and proper sizing of components.
- Club memberships should be renewed by now. If you haven't done so yet, you must include the \$5.00 late fee. Please be sure to fill out a membership renewal form (page 3). There is a new line for a mobile phone number if you have one. Send the form to Mike Schofield. Make checks payable to ARCS. If you haven't renewed, this will be your last newsletter.
- AMA memberships must also be renewed as soon as possible. You need a current membership to fly.
- The STARS annual Snow Fly will be on Sunday, March 4th starting at 11AM at the STARS field. They have a nice heated pavillion and will be cooking food. Bring an airplane and show them what we are made of!

See you at the meeting!

Herb.
