Club Meeting– Friday, **April 20th**, 7PM at Walt's *This is a CHANGE !!!*

President's Message:

Please note the change of the meeting date above. There will not be another meeting until October. A true sign of summer!

- Due to a conflict with the Toledo show, the club meeting has been re-scheduled to Friday, April 20th. I'll have pictures and a report at the meeting.
- At this time of year, it is especially important that all club members use extreme caution when driving on the access road. One person driving down the road when it is too soft can cost the club hundreds of dollars in road repairs. If there is any question about the integrity of the road, park at the main hangar and carry your gear down. An added plus is that this exercise is actually good for you!
- Dates have been picked for our summer events. See the calendar on the back page. Mike Amie will be in charge of the Picnic (July 21st) and I will do the Fun Fly (Aug 18). The sanction paperwork has been submitted for the Fun Fly. This may draw in a few more pilots than in previous years. We will charge for food, hold raffles and charge a token entrance fee with the proceeds going toward funding the Doc Schwarz scholarship. The concept will remain the same as always. Some simple competitions that anyone can do who has soloed and also some open flying.
- The new board of Directors was selected at the last meeting. They are listed to the left.
- Our club has met the AMA requirements to be a Gold Leader club. Last year we were a Silver Leader Club.
- The club charter has been renewed with AMA and our insurance coverage is intact.
- Weather permitting, club nights will start up on Tuesday the 17th and training nights will start up Thursday the 19th.
- The tractor is almost ready to return to the field. Besides the usual oil change, cleaning, deck repainting and lubrication, it is now equipped with a new set of Gator mulching blades. I'm very interested in seeing how they perform.

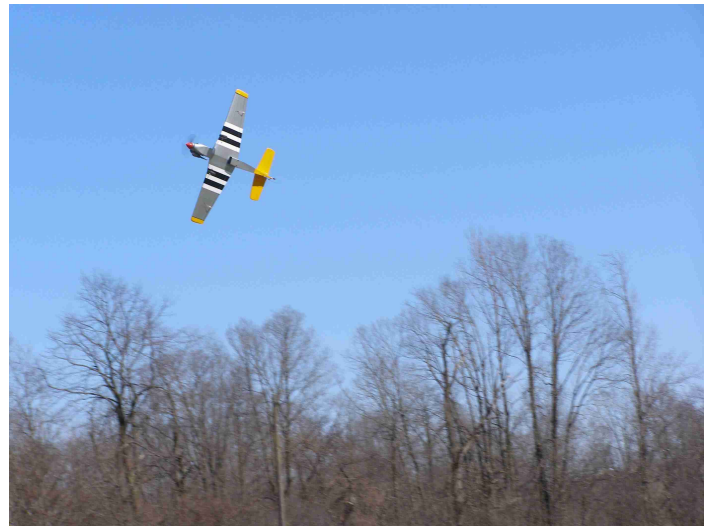

(Continued on page 2)

March 31st

My Tiger Moth

Mike Moore's Hangar 9 P-51

(Continued from page 1)

- I think we should plan a field prep day. Some of the things that may need attention are:
 1. Painting the buildings
 2. Trimming brush along the stone wall
 3. Rolling the field and pits
 4. Building new benches in the pits
 5. New picnic tables
 6. Safety benches (see April 2007 Model Aviation, Pg 59, written by Dave Mathewson)
 7. Anything else?

Maybe Saturday the 21st would be a good day for this, depending on the weather. We'll decide at the meeting.

See you at the meeting!

Herb.
