President's Message:

Here's a quick note about what has been going on.

- We had bad weather for our picnic again this year. We met in the main hangar and ate and talked. Only Luke Dosier attempted to fly but the wind made it less than enjoyable so he landed and returned to the food.
- Our field is currently hosting a visit of the Badius Boys flying club (<http://badiusownersclub.com/>). They will be camping at the field until next Sunday, the 9th. Phil Artese is in charge. Please welcome these travelers to our field and make them feel welcome.
- Our Fun Fly will be on Saturday the 8th starting around noon. The events will be:

Dart Board: Concentric rings will be laid out on the field with different point values shown. Pilots must do 4 touch-and-go's within these circles, adding up the point values. Highest points wins.

Dead Stick Spot Landing: A spot will be marked on the runway. Pilot takes off, gains altitude and, when instructed, kills engine. Fuel planes must prove engine is off by advancing the throttle. Electrics must leave throttle in the off position. Land and roll to the spot. Closest to target wins.

Fun Pattern: Take off, do 3 loops, 1 roll, 1 stall turn, 1 Immelmann turn, then land. Best precision wins. Not a timed event.

Open Flying: After the events are completed, there will be time for open flying. No more than 3 planes in the air at one time.

The club will be providing burgers, dogs and sodas. We will also be drawing the winner of the airplane that Bruce Throne has donated. The proceeds will go to Doc Schwarz's scholarship. If you need tickets, let me know. The plane is a Hobby Zone Super Cub LP. <http://secure.hobbyzone.com/search/HBZ7300.html>

- Pat Byrns has generously donated the proceeds from Ed's plane sale (\$1016.00) to Doc's scholarship. Thanks Pat.
- We had a great day in Old Forge at the Mountain RC Fun Fly. This year it didn't rain. Afterward we went to Walt's camp for some relaxation and food before heading home. Thanks Walt, Jan and Bruce for a great time!

See you at the Fun Fly.
