<i>Planes for sale</i>	2
<i>Elden Enrichment</i>	3
<i>Membership Form</i>	3
<i>Calendar</i>	4

President's Message:

Yippee! The snow is gone and things are drying out. The flying season is upon us. Good time to dust off the aircraft and do some pre-flight checks. All those problems they had when you put them away will still be there.

- Lots of aircraft for sale. Warren Reif is thinning out his fleet. 7 of his planes can be viewed on page 2. Another person from Auburn contacted me and wants to sell a new Avistar. See page 3
- On March 26th my family and I volunteered at the Elden Elementary school in B'ville. We put on 3 sessions of introducing students to RC airplanes, then assisting them at building and flying rubber powered balsa planes. The planes were donated by Bruce Throne. The kids absolutely love this event! Some photos are on page 3.
- At the last meeting, we re-elect the Board of Directors for the club. We will be meeting soon, probably next week.
- Preparations are under way for the pancake breakfast. I expect we will have a kick-off meeting soon.
- I have selected potential days for our annual Picnic and our Fun Fly. We will firm this up at the meeting. See the calendar on page 4.
- Unpaid dues renewals are now subject to the \$5.00 late fee. Please submit your renewal with a completed renewal form on page 3. Also, some AMA memberships are not up to date. Be sure to pay up so you can fly.
- The MOST continues to appreciate our presence at the museum. Last Saturday Kyle Murphy, Maria Moore, John Spencer and myself attended to show people what we do. A week before we were asked to give a presentation to a group of about 100 Girl Scouts. Peter Seiffert, Dean Moyer, Chuck Levine, John Spencer and I did some demonstration flights and answered questions. They want us to do it again in June. Anyone interested in helping out please let me know.
- AMA rules will be reviewed at the meeting. If you can not attend the meeting, please review the rules before you fly this year.
- This time of year we have to be careful not to destroy the road to the field. Please use good sense before driving down and digging ruts. We will be re-doing the road this year.
- Club nights will start up again on Wed, the 20th, depending on field conditions. Training nights will start up on Thursday the 21st.

See you at the meeting and the field!

Herb.
