<i>Secret Santa Details</i>	2
<i>Black Friday Weekend</i>	3
<i>Toothpick City</i>	4
<i>Membership Form</i>	5
<i>Gate Photo</i>	5
<i>Calendar</i>	6

President's Message:

Well, we're off of daylight savings time and it gets dark at 5PM. Looks like evening flying is over. Here's what's going on:

- On October 13th some of us got together at the field to cut down some trees on the north end of the field. They were just a few sumacs but they sure do get tall in a few years time. We should be good for a while.
- We are again looking for helpers at the MOST. The first Saturday of each month is when this happens. Please let me know if you can help! I was there last Saturday with Peter Seiffert and Skip Davis. There were quite a few people stopping by to learn about RC airplanes. Also, take a look at the photos on page 4.
- We installed a gate at the entry to our road in an effort to keep people out when the road is soggy. There will be a combination lock on it with the same combination as the impound and tractor shed. If you don't know the number, contact one of the club officers. The gate will remain open until we decide that the road shouldn't be driven on. Photo on page 5.
- The annual Secret Santa sale is happening at Walt's on the 17th. See the info on page 2.
- Walt's is also holding raffles on Black Friday weekend. See the details on page 3. Fill out the 3 coupons and bring them to Walt's to get in on the drawings.
- The ARCS Holiday party will be at Anheuser Busch again this year. Kevin Kiniry has secured the facility for us and Mike Amie will be taking care of the food.
- Membership renewals are due for the club and AMA. Be sure to have this done so you can fly on New Years Day. Kevin will cheerfully take your money. Please fill out the form on page 5 so that we can keep the club roster up to date.
- The annual STARS Auction will be on Jan 18th. at Walt's.
- Planning is underway for the Model Forum. See the calendar for significant dates. If you would like to get involved in the planning process, let me know!
- At the meeting, we will have a brief demo on how to adjust valves in a 4 stroke engine. Stop by to see how.

That's all for now. See you at the meeting!

Herb.
