President's Message:

January was a busy month for model aircraft:

- We continue to volunteer at the MoST every month. The next session is on March 2nd. This occurs the first Saturday of each month from 11AM to 3PM so feel free to contact me to get on the schedule.
- At the January meeting, Terry Wildey gave an excellent presentation on "Flying with Gas". I have a trivia question related to that presentation. Terry mentioned the use of Viton tubing. Where does the name "Viton" come from? Answer at the meeting.
- The annual STARS Auction was held at Walt's on the 18th. Lots of people attended and hopefully some bargains were had.
- Another successful Model Forum! Thanks to all that helped out. The set-up and take down go very quickly with all the help we get. It was an average year for us. We took in \$735.25 after expenses which we will donate to the school. About 139 people attended. Lots of photos on pages 2 and 3.
- The Board of Directors are up for re-election in March. Anyone wishing to serve should contact me so I can get your name in the newsletter.
- Membership renewals are past due for the club. There is a \$5.00 late fee in place. Kevin will cheerfully take your money. Please fill out the form on page 3 so that we can keep the club roster up to date. Members not renewed will be dropped from the mailing list. Don't forget your AMA renewal too. You can't fly without it!
- At this meeting we will rebuild a Saito .65 4 stroke engine. This will include new bearings, cam timing and valve adjustment. What Fun!
- The WRAM show will be on Feb. 22-24th at the Meadowlands. It is expected that this will be a big show this year. The STARS are renting a couple of vans to drive down and I hear they have a couple of spots left. If you're interested contact Phil Morgan at 457-3674.

That's all for now. See you at the meeting.
