President's Message:

Hi. Looks like summer is over. The days are getting shorter and colder.

- It's a girl! Congratulations to Kyle and Maria Murphy on the birth of Emily Ann!!! There is no truth to the rumor that she was born with a transmitter in her hands but we'll take care of that soon enough. Mom and baby are doing well. Yes, in case you were wondering, she is a cutie pie.
- The annual Fun Fly went well. The weather was good, the food was good, the company was good. We had 11 pilots and lots of spectators. Photo on page 2.
- The annual STARS airshow was a good event. It was well attended and there were lots of opportunities to fly. Nice job guys!
- A few of us went to Rhinebeck for their annual RC event. The quality of the models here is amazing. There are some photos on pages 2 and 3. Models are flown in the morning and there were 4-6 airplanes in the air most of the time. Most of these beautiful models were actually flown, not just on display. After the model flying the regular airshow begins. They fly vintage aircraft, the oldest one being an original 1909 Bleriot which is claimed to be the oldest flying airplane in the US and second in the world. Others include an original 1917 Curtiss Jenny, a couple of Tiger Moths and a variety of others. They are also in the process of building a replica of the Spirit of St. Louis. The airshow is held every weekend from mid June to mid October, Saturdays and Sundays and the model airshow is usually the first weekend in September. For more information see: <http://oldrhinebeck.org/>
- Please help me come up with a caption for the photo on page 3.
- The first planning meeting for the Model Forum will be on Wednesday the 16th, 7:30 at Walt's. If you have ideas you would like to see happen at the forum, please come to the meeting. We could use some extra help and new ideas. If you can't make the meeting but have some input, let me know.

Hope to see you at the meeting!

Herb.
