President's Message:

I have a perfect Valentine gift for you to give your valentine! Try leaving her alone for a Friday evening. Come to the club meeting and give her a break!

- The Model Forum went very well this year. We took in \$653.00 after expenses which we will donate to the school. Attendance was down a little from last year, static display was much improved. I think everyone had a good time. Thanks to everyone's hard work!
- There are 2 more dates for volunteering at the MOST. They are Feb 22, March 8. These are Saturdays. We will be there from about 6-7PM doing brief indoor flight demos. If you want to help out, let me know.
- Be sure to renew your AMA and Club memberships. Club renewals are now past due and a \$5.00 late fee is in force.
- The big news this month involves the CIA. Not the government agency but the newly formed Camillus Indoor Aviators club. The paperwork for chartering will be submitted very soon and as soon as insurance coverage is in place we can join and start flying. The site is the Memphis Baptist Church on Rt. 5 just west of Rt. 321. Initial club officers will be Pres- Pastor Mark Ferry, VP- Phil Artese, Sec/Treas- John Spencer, Safety Officer Bob Preske. A lot of details have to be worked out yet such as flying hours and rules but the church is welcoming us and is quite enthusiastic to see us flying there. The facility is new (photos on next pages). It is about 80 ft by 55 feet with very few obstructions. I'll post more when I know more.
- The STARS Snow Fly is on March 2nd starting at 11AM. Come on out and fly or shoot the bull in their heated pavillion.
- Elections of officers will occur at the March meeting. Anyone interested in running for President, Vice President Secretary or Treasurer should contact me so I can get your name in the next newsletter.
- Have you been watching the Olympics? I saw a snowboarding event and noticed a shadow in the snow. It was a hex-copter! Sure enough they are filming events like that from RC copters. Once I knew that I could recognize which views were from the hex. Very cool!

Hope to see you at the meeting!

Herb.
