### President's Message:

Daylight savings time is here. That, along with temperatures actually above freezing, means that spring is almost here. Soon all this snow will just be a fond memory!

- Our club re-charter has been completed and submitted to the AMA. We should be good for another year.
- Once again our club meets the criteria for AMA Gold Leader status.
- At the meeting we will be electing Board of Director members. The current ones are listed on the left. If you are interested in a position, please let me know so I can get it in the next newsletter. The purpose of the board is to ensure that the club is doing the right things for the membership. A check and balance to make sure the officers don't run amuck.
- Bad weather cutting into your flying time? Consider joining the Camillus Indoor Aviators. For more information see <http://camillusindooraviators.blogspot.com/> or contact John Spencer (315-247-2716) or Phil Artese (315-382-5841) or Bob Preske (315-487-1286).
- The CIA is also planning an indoor Fun Fly. It is tentatively scheduled for April 11th but that has to be confirmed. I will keep you posted.
- The EAA has asked people to support the pending legislation to reform some of the medical requirements for full size pilots. It isn't often that rules get relaxed so you can understand why the EAA is supporting this. I sent an email a few days ago with instructions on how to submit comments. Several people have responded so far. Thanks for your support. Like I said in the email, if the airport thrives, we thrive. Here's a link in case you need it: <http://govt.eaa.org/17422/support-pilots-bill-rights-2/>
- According to the AMA, 12 club members have not renewed their memberships. I will not publicly humiliate you yet but I make no guarantees for the next newsletter. Please get the renewals in!

Hope to see you at the meeting!

STEP LADDER

Some Humor to ponder.

Don't let this happen to you on a job interview!

**Bad Weather reminder:** We follow the Marcellus School cancellations. If school is cancelled on a meeting day due to bad weather, our meeting is cancelled too. The meeting is also cancelled if the school cancels after school activities due to bad weather. Please check cancellations before driving through a blizzard only to find no one at the meeting. Just to clear up some confusion, if the school has a 2 hour delay in the morning, that does not cancel out meeting.
