President's Message:

It's been a good summer for flying. Started off a little wet but made up for it later on. It's getting cold and dark in the evenings so it must be time for meetings. Here's what is going on.

- The Pancake Breakfast was another success. Jeff Dudden did a great job of organizing it and lots of volunteers made it happen. Our share of the profit was \$1213.89.
- The airport hosted several events this summer including a snowmobile swap meet, Chicken BBQ, Ultra-light fly-in and a wedding reception. Thanks to all club members for your cooperation.
- Our annual picnic occurred at the same time as the Ultra Light Fly-In. We got a good show watching them flying around and some of them came down and tried flying RC.
- Our Fun Fly was well attended with our own club members and members from several other local clubs. The weather was great and everyone seemed to have a good time.
- The District II Fly-in was in Canandaigua this year. Several club members made it out there. Sounds like it was a good time.
- Several club members also attended the STARS airshow. It was a hot day with a little wind. Lots of unique aircraft and plenty of opportunities to fly.
- Congratulations to Stefani Reynolds! She is once again the recipient of the Dick Schwarz Scholarship. She is attending Pratt University in NYC, studying Photography.
- I made an observation at the field last week that I would like to share. As you know the field is surrounded by corn. Ordinarily it isn't a problem. At this time of year as the corn ripens, varmints (probably raccoons) take the corn cobs and eat them, leaving the partially eaten cobs on the flying field. It would be best, before your first flight, to look over the field and remove any debris. I imagine hitting a corn cob could make trouble for your favorite aircraft.
- Bad weather cutting into your flying time? Consider joining the Camillus Indoor Aviators. For more information see <http://camillusindooraviators.blogspot.com/> or contact John Spencer (315-247-2716) or Phil Artese (315-382-5841) or Bob Preske (315-487-1286).
- I'll be out of town for work this week but I'll be back in time for the meeting. I hope to see you there!

Herb.
