### President's Message:

The last few weeks have been very busy. I guess you can't relax too much in the winter.

- The Model Forum went well again this year. There were a few last minute snags that we had to work around but somehow we managed. Attendance was down this year from previous years. It looks like about 100 people attended. We did a "paper bag" raffle which seemed to be a much better way to go, based on how much money it took in. The profit from the event was around \$787.00, which we will be donating to the school.
- I feel it is necessary to recognize the efforts of Melissa Bowhall at our forum. Every year she is there at the entrance tirelessly taking money, stamping hands and selling raffle tickets. I'm sure her nightmares include the words "a buck a piece, 6 for \$5, 13 for \$10". Thanks Melissa for all your help!
- The Forum follow up meeting will be on Friday, Feb 19th at the CIA Gym, 7:30. Please provide me with any feedback, suggestions, etc, good or bad and I'll be sure to bring them up at the meeting.
- The annual STARS auction was on Jan, 29th. There were lots of good bargains but it looked like more people wanted to sell than buy.
- The AMA now recommends that we register our UAS's with the FAA. They will continue to try to negotiate with the FAA to try to simplify the process but for now we must comply with the law. The deadline for registering is Feb 19th. This can be done online at <https://www.faa.gov/uas/registration/>. For those who don't have internet access, it may be best if you get together with someone who does so that they can help you. I've been told you can register by paper but the only thing I can find relates to large aircraft, not small UAS's.
- The club's policy on FAA registration will be one of 100% compliance, **no exceptions!** In order to fly at our field you must have registered, you must have your certificate with you and you must have your aircraft properly labeled. Of course, your AMA and club membership must be up to date too. We will be checking to be sure everyone is in compliance. Sorry it has to be like this but we can't take the chance of getting kicked out of our field because someone isn't following the rules.
- Elections of officers will happen at the March meeting. At the present time the slate of candidates is Herb Ziegler- President, Phil Artese- VP, Al Metz- Secretary and Kevin Kiniry- Treasurer. Anyone interested in run-

(Continued on page 2)

ning for an office, please let me know as soon as possible so we can announce it well before the March meeting.

- We have done 2 of the 3 flight demos at the MOST. The last one is on Sat, Feb 27th. This is great PR for the club. Let me know if you want to be involved.
- **Just a reminder, with winter approaching, along with the potential for bad weather, our meetings will follow the schedule for the Marcellus Schools. If school is cancelled for the day, our meeting is also cancelled. If afternoon and evening activities are cancelled at the school, our meeting is also cancelled.**
- Bad weather cutting into your flying time? Consider joining the Camillus Indoor Aviators. For more information see <http://camillusindooraviators.blogspot.com/> or contact John Spencer (315-247-2716) or Phil Artese (315-382-5841) or Bob Preske (315-487-1286).

See you at the meeting!

*Herb.*
