President's Message:

With all the rain we've had, the field is still fairly dry. No need to adapt floats to your aircraft yet...

- On Saturday June 3rd, The MOST had their annual Rocket Challenge. Phil Artese and I attended along with Peter Seiffert. We gave away over 100 balsa planes to the kids there. It was a fun day!
- The 35th annual Father's Day Pancake Breakfast is in the history books. It was a typical year with about 1000-1100 people being served. Total profits were \$5999.00. Our portion of it based on worker hours is \$1665.30. Not bad at all! Thank you to all who helped out. We had a good crew of workers this year!
- The winner of our "Incentive Raffle" is Al Metz. For every hour worked you got one ticket. The prize was a Hobby Zone Champ S+. Congratulations Al. (No, it was not rigged. My wife drew the ticket.)
- Like last year, EAA 1017 will be having their annual fly-in this weekend. People arrive on Friday and stay until Sunday. Please be extra careful around the runways with the extra full-size traffic. Expect visitors from the group at our field. Feel free to visit them. They love showing their stuff.
- On Sunday, starting at noon, the airport will be having a chicken BBQ. The secret recipe is awesome so don't miss this one! You can eat them there or get them to go.
- Our annual family picnic is scheduled for Saturday, July 8th. It will start around noon. Club will provide burgers, dogs and sodas. Bring a small dish to pass. Bring your family. Bring aircraft! See you there!
- CNY STEM Summer Camp for Young Women, July 24-28. We are committed to providing an indoor flight demo on Monday the 24th at 4PM. It is at LeMoyne College. I need a few volunteers. Please let me know if you can help.
- Our annual fun fly will be on Saturday, August 19th. Club will provide burgers, dogs and sodas. This will be open to other clubs.
- At the fun fly, we will be drawing a winner of our raffle for an Ares Alara which was donated by Bruce Throne. The proceeds go to the AMA Foundation this year.
- More good news from the AMA. NY State was trying to enact restrictive legislation for sUAS's. This would have seriously impacted our flying! For now it is off the table. We'll keep an eye on this one.

See you at the picnic!

Herb.
