President's Message:

Now that the clocks have been set back, evening flying is over. There's still the possibility of some good weekends. Please be nice to our road. Don't drive on it if it is too wet.

- I have scheduled AED/CPR training for us. It will be on Thursday, November 16th at 7PM. The location is CNYCPR, 2115 Downer Street Rd, Baldwinsville, NY 13027. I'll have copies of an instructional DVD at the meeting or you can watch it at: <https://www.zoll.com/medical-products/automated-external-defibrillators/fully-automatic-aed-plus/demo/> . Training will cost \$40.00 per person. We agreed at the meeting that the club will pay half of that for each member that participates. I will need a final count at the meeting so, if you can't make the meeting, please call, text or email me. This is also available to family members (at full price). With or without the AED, the training is highly recommended. You may even save a loved one with the knowledge you get here. I strongly encourage it. (They don't teach rescue breathing any more so you don't have to be turned off about that.)
- The forum location and time have been secured. Thanks to John and Linda Spencer! Feb 3rd. A second organizational meeting is planned for the 17th at 7:30 at the CIA flying site. If you haven't been involved in the past, please feel free to attend. New ideas and faces is what makes this event a success.
- Ed Britton from RCCR has put together a summary of local swap meets. See page 2.
- The Secret Santa Sale at Walt's Hobbytown is on the 18th. As in previous years, we'll have a table there to display models and provide information. I hope to see you there.
- Kevin has once again secured the A-B Facility for our Christmas party. Thanks Kevin!
- The AMA has announced that they will begin to insure commercial drones. Unlike our present insurance, it is not covered with your membership. It must be purchased separately.
- We will continue raffling off a prize of some sort at our club meetings. If you show up you get a ticket. If you provide an article for the newsletter you will get an extra ticket. If you bring in something significant for show and tell you get an extra ticket. If you do a demo at the meeting you get 2 extra tickets.

See you at the meeting
