President's Message:

Things are ridiculously quiet this month. We have no NYD photo to post for the first time in probably 40 years or so. There are some events scheduled so take a look at the calendar on page 4.

- Recent sad news for the modelling community. FLAPS president Don De Salvatore has passed away suddenly. If you have attended any local events in the last few years you can bet that Don was there. He was a great guy and will be missed. Photo on page 2.
- Our meeting this month will again be using the "Zoom" meeting app. This month it will start at 7PM. I have an appointment in the afternoon so I thought it would be good to hold it a little later in case things run a little long. I will email details about how to attend the meeting. You will need a smart phone, tablet or computer with an internet connection in order to participate. If you haven't used it before, it isn't too difficult. You will have to allow it to install an app and then you can just click on the link that I will provide in an email and you're in! They have some good tutorials on <https://explore.zoom.us/resources> so take a look there. More info will follow by email in a couple of days.
- Membership renewals are now past due. Thanks to all who have renewed. The \$5.00 late fee is now in force. See the membership form on Page 3.
- Be sure your AMA and FAA is paid up. Here's a link to the FAA renewal site: https://www.faa.gov/uas/recreational_fliers/
- The application for an AMA flying Site improvement grant has been submitted and is awaiting review. We may hear something in a month or so. If approved it could get us \$1000.00.
- The club recharter is complete and has been submitted.
- At next month's meeting we will elect or re-elect the club's board of directors. If you wish to have one of these positions, let me know so I can put it in the newsletter.
- Airplane Sale: An elderly gentleman in Taylor, NY (near Cortland) is selling off his airplane collection. I have received photos and contact information which I will forward in a separate email shortly. They will be having a sale this Saturday and Sunday at his house.
- If you're itching to fly, check out the Camillus Indoor Aviators. It's a good way to keep your flying skills through the winter. Flying is permitted with all current Covid-19 restrictions. For more info, contact Phil Artese or me.
- The STARS have some events planned. They will be subject to Covid rules at the time of the event. See Page 4

I hope you can make the Zoom meeting!

Don De Salvatore. Shown here at the Geneseo airshow in 2019. Don was a very active modeler and promoter of the hobby. An all-around great guy. Always willing to help others and very generous. Sorry to see him go so soon.

Make checks payable to ARCS

Some humor to contemplate:

With the rise of self driving vehicles, it's only a matter of time until there's a country song where the guy's truck leaves him
