President's Message:

Happy New Year to all! Lets hope that this year brings us a little closer to normal.

- Because of the current Covid situation, I would like to have this month's meeting via Zoom. I will send out a link via email later in the week.
- We had a nice Christmas party at the airport. About 20 members and guests attended. There was lots of good food and fun. Thanks!
- We had a great time at the NYD fun fly. About 17 people attended. The weather was really nice for January. About 50 degrees, no snow and only a little wind. 6 or 7 aircraft flew during the event. It was great to do this again. A photo is on page 3.
- For those who want to fly indoors, the CIA flying site is now open on Monday and Friday evenings and the 3rd Saturday of each month. Attendance has been light. We would like to see this improve so that we don't lose this fantastic facility. The schedule could change so please check the calendar before going out there. For more info contact Phil Artese or Herb Ziegler. See tinyurl.com/CIAflying
- Model Forum planning is well under way. It will happen (Covid willing) on March 19th at the Syracuse Academy of Science. The next planning meeting will occur before the STARS auction at 5:30 PM at Walt's Hobbytown. Feel free to attend and provide ideas.
- Kevin will be happy to take your dues for next year! He likes money. The info is on page 3. Don't forget your AMA dues and your FAA registration.
- Be sure to keep next Friday open. The STARS annual auction will be at Walt's hobbytown. Details on page 2.
- Winter weather can impact our meetings. In the past we would cancel our meetings if Marcellus school cancelled classes. It seems to make more sense now to hold the meetings via Zoom if the weather is bad. This month will already be a zoom meeting but for next month and beyond we'll make that decision, probably on the day of the meeting, so watch your emails. If we decide to meet remotely I will send out a link that day.

I hope you can make Zoom meeting!

Herb.
