President's Message:

So, the days are getting longer. We'll be flying again soon! Its probably a good time to look over your aircraft and fix anything that may have gone wrong last season.

- Because of the ongoing Covid situation, I would like to have this month's meeting via Zoom. I will send out a link via email later in the week. Perhaps the March meeting can be in-person.
- The Build and Fly program at Marcellus school has been going well. We meet mostly once a week and it looks like we'll be ready to fly by spring. There is a small core of very dedicated students who are very committed to completing this project.
- Model Forum planning is well under way. It will happen (Covid willing) on March 19th at the Syracuse Academy of Science. The next planning meeting will occur on March 1st. Unfortunately the date conflicts with the Canandaigua Chiefs auction. I guess this couldn't be avoided.
- The STARS are having their annual Snow Fly on March 6th. This is a fun event with lots of flying, food and a heated pavilion! Details on page 2
- Dues are past due! The \$5.00 late fee is now in place for renewals. Kevin will be happy to take your money! He likes money. The info is on page 3. Don't forget your AMA dues and your FAA registration.
- For those who want to fly indoors, the CIA flying site is now open on Monday and Friday evenings and the 3rd Saturday of each month. Attendance has been light. We would like to see this improve so that we don't lose this fantastic facility. The schedule could change so please check the calendar before going out there. For more info contact Phil Artese or Herb Ziegler. See tinyurl.com/CIAflying
- At the March meeting we will vote on new club officers. These positions are fun and challenging and quite honestly, the current slate of officers have been doing this for a long time. Please consider this opportunity to make a difference and step up to take on a role. Let me know so I can put you in the newsletter!
- We were invited to participate in a Syracuse Maker Faire at the SRC Arena on April 2nd. For more info see <https://syracuse.makerfaire.com/call-for-makers/> I will sign up for this event.

I hope you can make Zoom meeting!
