President's Message:

Its getting cold and dark so it must be time to start meetings again.

- There have been several events over the summer.
 - Fathers Day Pancake Breakfast– we fed about 1000 people and earned \$2368.74 for the club. Thanks to all who helped!
 - Pattern Contest– Another great event thanks to the fearless leadership of Mike Gosson.
 - Annual family picnic went very well.
 - Annual Fun Fly. Weather was ok and everyone had a good time.
 - STARS Annual Air Show– Well attended and a great day.
 - FLAPS Fun Fly/Swap– Weather finally cooperated. A nice event.
- The Marcellus school aviation club has begun building another plane. This year it is an Aerostar .40 donated by Fred Eberhardt. It will be electric powered.
- I have to thank the tireless efforts of Mark Block. Every week he manicures our lawn so that we can fly. When you see Mark, be sure to thank him!
- Phil Artese and Jeff Phoenix attended the swap meet at the Glenn Curtiss museum in Hammondsport. It was well attended with lots of good deals to be had.
- Chris Muniz has been updating our newest facebook page. He is requesting that we upload any photos we may have to that page. This is the link: <https://www.facebook.com/groups/arcs1950> . They could either be uploaded directly or send to Chris and he will upload. It'd be great to have some older photos too! His contact info is chris.connec@gmail.com .
- There are a few events coming up and many events are already scheduled for next year. They are summarized by Ed Britton of RCCR. See page 2
- Indoor Flying at the CIA is uncertain right now. We were told last spring that we would not get any time during the evenings because of scheduling issues. It was suggested that we may get some time during weekdays when they aren't booked up. More info will follow when we know more.
- Good News! Our FRIA application has been approved. We don't need a remote ID module if we are flying at our field. It will still be required if you fly outside of a registered FRIA. The AMA web site has the sites listed. The date for compliance has been pushed off to March 16, 2024.

See you at the meeting!

Herb. 315- 857-6266 herbz1957@yahoo.com

Local Swap Meets
Thanks to Ed Britton of RCCR

A view of the STARS Show

This flew at the FLAPS show.
10ft wingspan, (4) OS 91 4-strokes, 50Lbs.

Proof that balsa wood is attracted to other wood., in this case, maple.

Some important links:

TRUST Test– Everyone who flies must pass this test. Don't worry it will coach you through until you get it right.

<https://trust.modelaircraft.org>

FAA registration: Everyone who flies outdoors must be registered with the FAA.

<https://faadronezone-access.faa.gov>
