### President's Message:

December means its time for our annual Family Christmas Party. It will be Friday the 13th starting around 6PM at the airport. Mike Gosson is handling the catering. I hope to see you there.

- The Marcellus School Aviation club is going well. So far we are almost done with the wings and are ready to move on to the fuselage. We have lost a few weeks due to illnesses, Thanksgiving and snow. We should be back on track this week.
- The Camillus Aviation Museum had its grand opening on Dec 1st. They have done an amazing job of sorting through roomfuls of stuff to put on a display that is relevant to aviation in Syracuse. They are open every Sunday from noon to 4PM. Here's a link to their website:
- The build of the 1/6 scale Wright Flyer is going well. We are narrowing down the covering material and technique along with how to accomplish the rigging.
- There is a lot of interest in CPR/AED training. I have contacted the local guy for info. The class will cost \$70.00 per person with the club kicking in some or all of the cost. Another option is taking the online course offered by the red cross. It is \$37.00 and can be taken at your convenience. Here is a link to the online course:

- Don't forget our annual NYD fun fly on Wednesday Jan 1st starting at 11AM. Kick off the new year properly! See you there.
- Indoor flying is open again at the Memphis Baptist Church. It is on Wednesdays from 1PM to 4PM. If you plan to attend I need to know so I can unlock the doors. Contact me if you need more info.
- Dues are due! Kevin will take your money. He has a new address which is listed on the form on page 3.

### See you at the party!
